

FORMAL RECEPTIONS FILL TIME OF SECRETARY'S PARTY

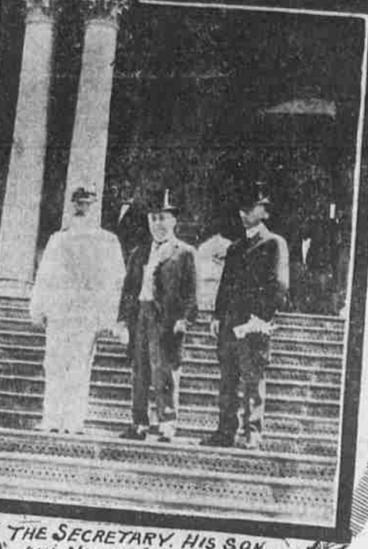

(Continued from Page One.)
day, made as informal as possible at the personal request of Secretary Knox, began.

Greeted by Consul.
Acting Consul Y. Mori of Japan with his consulate staff was among the first to greet the Secretary of State officially. Mr. Mori received the honors due his rank as he boarded the cruiser and advanced to the bridge to pay his respects. It was there that E. A. Mott-Smith, secretary of the Territory, found him, and the meeting became less informal.

Promptly at ten o'clock Secretary Knox, accompanied by Rear-Admiral Reynolds and Mr. Miller, escorted by Secretary Mott-Smith, whirled up to the capitol in an automobile and the presentations of the consular corps in Honolulu took place. In the ancient throne room of the former royal palace the representatives of the foreign countries here made a resplendent show in all of their uniforms, many with medals of honor on their dress coats.

Sigh of Relief.
Governor Frear and Secretary Knox took up their positions on the Ewa side of the room and Secretary Mott-Smith escorted each consul by himself to the Secretary of State and made the formal presentation, in which Governor

death of the late emperor and representing the country at the funeral on September 12, he refused yesterday all invitations to any formal functions or dinners, with the exception of the consular reception. Late yesterday it was decided not to take the trip around the island scheduled for this morning; instead the Secretary and his party, including his son and private secretary, Hugh Knox, will take a short ride to the Pali, and possibly to Pearl Harbor, which he is much interested. No invitations will be accepted by him during his stay.

Secretary Knox refused to discuss the attitude of Great Britain in regard to the Panama Canal toll, or the question of whether it was a proper one or arbitration, stating it was not the policy of the state department to discuss questions of this kind. As to the advantages which may be expected to accrue to the Pacific Coast and especially Honolulu, Mr. Knox said:

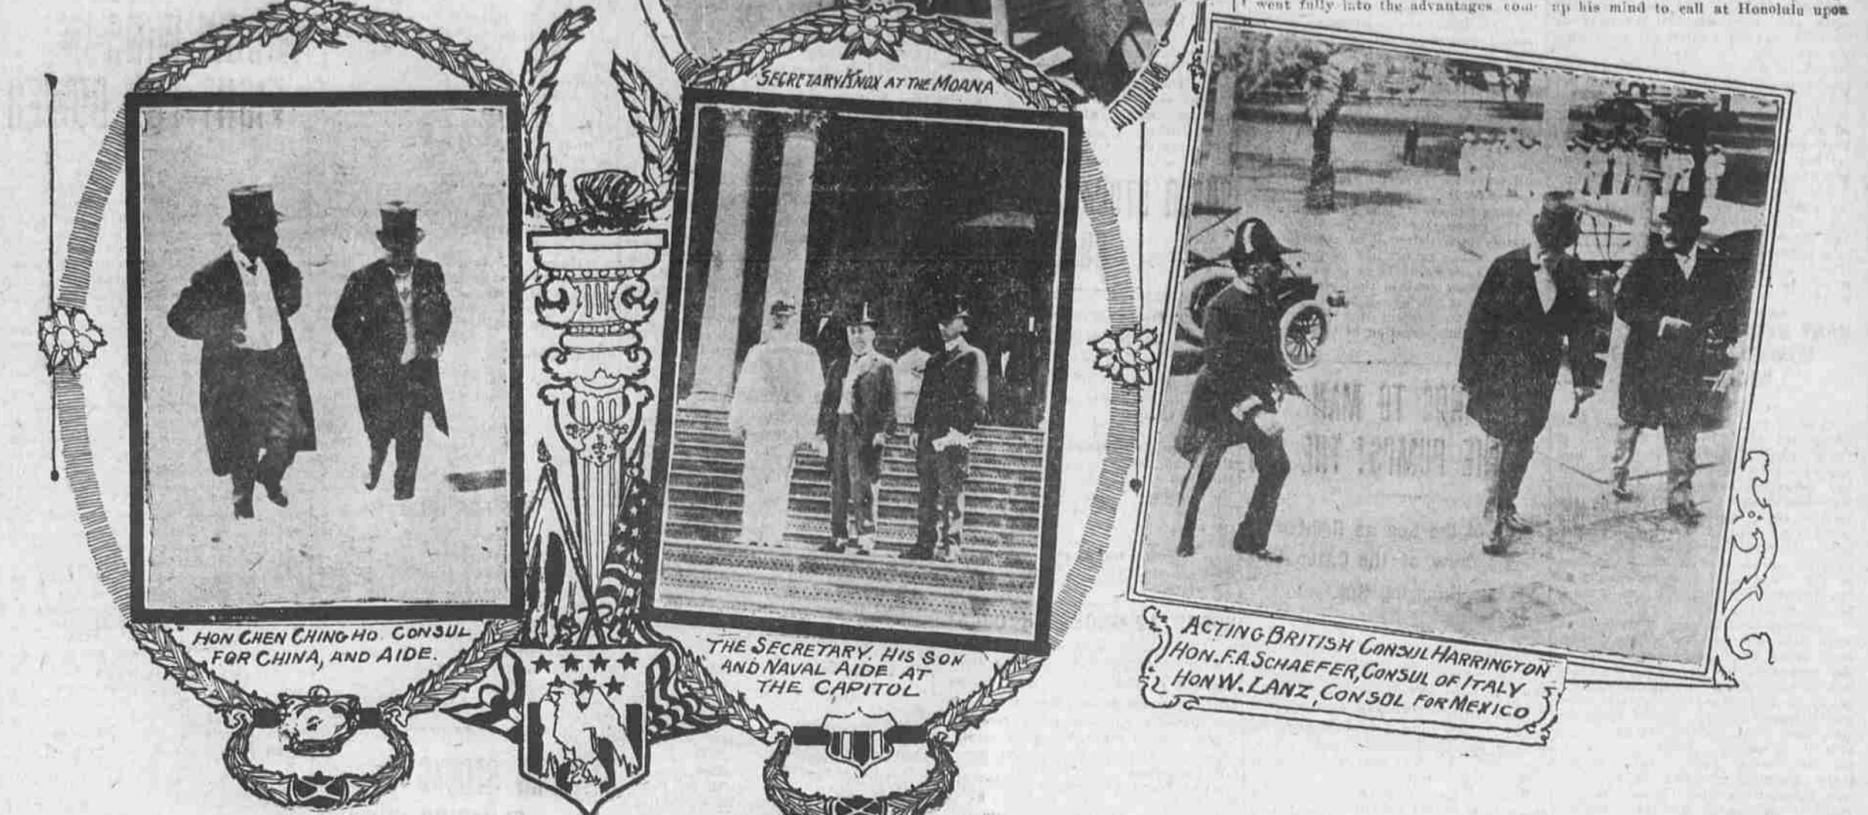

To Open in a Year.
"On my return from the South American trip last March, I gave a talk in San Francisco on this subject. I went fully into the advantages con-

who had charge of the Gatun dam, told me that while the ditch would not be formally opened, ships would be passing through from ocean to ocean by July, 1913."

View the City.
Following the reception at the capitol to the consuls Mrs. Knox, Mrs. Frear and Mrs. B. F. Dillingham joined the party and Secretary Knox and the ladies accompanied by the Governor, went for a ride about the city and later took lunch at the Moana.

Rear-Admiral Reynolds and Mr. Miller acted as the proxies for the Secretary of State and paid return calls upon General McComb and Rear-Admiral Cowles at army headquarters and the naval station, and on Acting Consul Mori, of Japan.

The cruiser Maryland will leave her berth at one o'clock this afternoon, bound for Yokohama, Japan, where she is due to arrive on September 10. The cruiser is carrying a great floral wreath ordered in Seattle from Washington, for presentation at the emperor's funeral.

partment, motored out to the Moana Hotel, where rooms had been reserved for them. There Mr. and Mrs. Knox strolled along the beach to the Outrigger Canoe Club grounds and back to the Moana pier, returning to the hotel to receive the official calls of General Macomb, in command of the department of Hawaii, who was accompanied by his aide, Lieutenant Andrews, and of Rear-Admiral Cowles and his aide, Lieutenant Stevens.

Frear took part. After the formalities were completed with there was a general relaxation for a few minutes and then the party proceeded to Governor Frear's private chambers, where there was an informal chat and a box of Hawaiian cigars was opened by the Governor, who informed Secretary Knox that it represented a new industry for Hawaii. The secretary of State smoked a cigar and thought it good. The consuls presented included:

Acting Consul Y. Mori, Japan, who was given precedence over the others owing to the nature of Secretary Knox's mission to that country; Vice-Consul R. F. Lange, Belgium; Dr. Marquies, consul Panama, Vice-Consul Russia, Consular representative France; Consul General A. de Souza Canavaro, Portugal; Consul Harrington, Great Britain; Consul General I. de Arana, Spain; Consul F. A. Schaefer, Italy; Acting Consul Austria-Hungary; Consul

Wm. Lanz, Mexico, Acting Consul Chile; Consul Chen Ching Ho, China; Acting Consul E. Klemp, Denmark; Consul H. Hackfeld, Germany, Norway; Consul H. M. von Holt, Netherlands; Consul Georg Rodiek, Sweden.

Declines Invitations.
Owing to the solemn mission on which Secretary Knox is engaged, that of conveying to Japan the official regrets of the United States for the

mercantile and otherwise, that would come to the entire Pacific Coast with the opening of the Panama Canal, and what applies to the West Coast applies in an even greater degree to the Hawaiian Islands. You will be on a direct route between Europe and the Far East, and it is easy to figure the advantages of such a condition. "The canal is sure to be opened ahead of time. BISHOP LIBERT IS NOW A PLAINTIFF

Apparently tired of acting as the legal chopping block in six separate suits to quiet title brought by L. Ah Leong, the Right Reverend Bishop Albert Doegmann, Bishop of Zeugma and Vicar Apostolic of Hawaii for the Catholic Church, yesterday became the plaintiff and filed suit in the circuit court against Ah Leong to quiet title to the same piece of land of which the former plaintiff claims an undivided half interest, and which is valued, according to the Bishop at \$25,000.

In his complaint Bishop Libert asserts that this land is in possession of the church through "cestui que trust." It is situated at Kamakela in this county, and Ah Leong is suing a number of other defendants with each of whom Bishop Libert is joined. Now the Bishop asks the right to sue as plaintiff to settle the question at once by one suit, and also asks for a restraining order to prevent Ah Leong from prosecuting his other suits in which he is plaintiff.

The house was finished in July and on July 17, it is claimed that Mrs. Lishman executed a deed for the house and lot to Mrs. Peck. To secure their debt on the house the lumber firm filed on August 24 a mechanics' lien and yesterday brought the civil suit to recover from the three defendants for the material.

Honeymoon Was Short.
Mrs. May Schoening filed in the circuit court yesterday a suit for divorce from M. C. Schoening on the ground that for the past sixty days her husband has failed to provide for her and their little daughter, Lola, five months old. The couple were married, according to the papers on file, in 1911. Douthitt & Coke represent the plaintiff in the case.

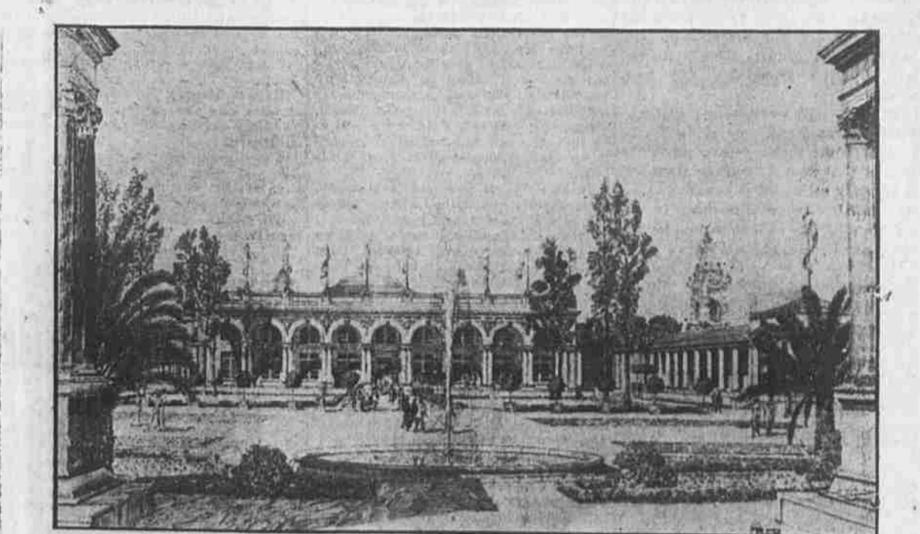

The San Antonio Society yesterday filed its answer to a suit brought against it by Jose dos Passos Rodrigues, in which all of the allegations made by the plaintiff are denied. At the same time the society demands a jury trial of the case. It is represented by Attorneys A. D. Lavinach and R. P. Quales.

Japanese Cases.
Tetsuaburo Gonda, a laborer on Ewa Plantation, filed an answer in the circuit court yesterday to his wife's suit for a divorce on a charge of cruelty. He denies the charges and then proceeds to accuse his wife of many lapses, stating in conclusion that she is now in hiding and he cannot find her to induce her to return home.

OIL TANKER TAKES "DIP" IN THE SEA

The submarine tank, Libby-Mac, which is used for carrying oil between Honolulu and the Libby, McNeill & Libby cannery, proved her name as submarine yesterday when she became troublesome and took a dip beneath the blue waves off Makapuu Point. The little craft was in tow of the Low line steamer Kaena and was being returned to Honolulu, when she took a sudden plunge beneath the sea, putting the low line and drifting perilously near the breakers. CONSTRUCTION OF FIRST EXPOSITION BUILDING TO COMMENCE

SERVICE BUILDING OF THE PANAMA PACIFIC EXPOSITION IN SAN FRANCISCO, CONTRACT FOR WHICH HAS JUST BEEN LET, AS IT WILL APPEAR WHEN COMPLETED.

(Mail Special to The Advertiser.)
SAN FRANCISCO, August 20.—Plans for the Service Building, the first structure to be erected on the Panama-Pacific International Exposition site at Harbor View, have been completed, and within the next week advertisements will be placed for bids for the construction of this important edifice.

This structure will be three stories in height and cost in the neighborhood of \$60,000. It will be 150 feet square with an interior court of 58 feet by 104 feet. It will face Fillmore street, and will be at least 200 feet west of that thoroughfare. The space between Fillmore street and the portion of the structure will be beautified by gardens, fountain and other landscape effects.

Through the center line of the entire court or light-well is Francisco street, which, among other streets, has been closed by order of the board of supervisors. It will be a frame structure, covered on the outside with staff and plaster, and its appearance will recall the early California style of architecture. It will also harmonize with the other buildings on the Exposition site.

The first floor will be occupied by the auditor, treasurer, railroad installation of exhibits, admissions and concessions, information and telegraph departments. The police department and commander of the guards will occupy the entire north wing on the first floor; the south wing will be used by the emergency hospital department. This hospital will be modern in every respect, and will have seven wards and twelve beds.

There will be three fire-proof vaults in the treasurer's department and a central fire alarm switchboard on this floor. The second floor of the north wing will be devoted to the architectural department, and the second floor of the south wing to the engineering, mechanical, electrical and civil engineering departments.

The main wing of the building on this floor will be occupied by the director of works and his assistants; also the offices of the advisor and chiefs of sculpture, color and decorations. The third floor will be used for blue-printing, photograph department and color studies. It is expected that this building will be completed for the first of the year and many of the departments will immediately take up their new quarters.

THE BEST PROOF

Honolulu Citizens Cannot Doubt It.
Doan's Backache Kidney Pills were used—they cured.
The story was told to Honolulu residents.
Time has strengthened the evidence. Has proven the cure permanent. The testimony is from the locality. The testimony is convincing.
G. F. Schoenfeld, 1429 A. Grattan St., St. Louis, Mo., says: "I was annoyed by pains across the small of my back and in the morning, I was so lame and sore that I could hardly get about. The kidney secretions were too frequent in passage and disturbed my rest. After I had taken various remedies without permanent benefit, I heard of Doan's Backache Kidney Pills and procured a supply. The contents of one box made a marked improvement." (Statement given September 21, 1908.)
A Second Endorsement.
Mr. Schoenfeld was interviewed on November 25, 1910, and he said: "Whenever a cold settles on my kidneys and I feel in need of a kidney medicine, I take Doan's Backache Kidney Pills and they soon benefit me. I can testify all I have ever said about this remedy."
Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.
Remember the name, Doan's and no substitute.

Winds Up Its Affairs.
William Henry, as receiver for the Fidelity Insurance Company, Limited, of this city, yesterday filed his final report and asked for a discharge from his office and compensation for his services and those of his attorneys, Thompson, Wilder, Watson & Lymer. In his report Receiver Henry states that all the property of the company has been converted into cash and he has paid dividends to the stockholders amounting to \$6108, and still has \$1517.75 on hand.

Complications in Suit.
Some complications appear to be incident to a suit filed in the circuit court yesterday by Allen & Robinson against A. H. Henderson, Margaret Lishman and Stella Peck. The suit is for \$11147 claimed to be due for building materials, some of which sum, say the plaintiffs, has been paid.

According to the complaint an arrangement was made with Mr. Henderson last spring by which the company would supply the materials for building a home on lot 14 of the New Makiki Tract, which belonged then to Mrs. Lishman. Henderson is charged with the material when the house was completed.
